

SURVEY ON INDIGENOUS TEACHERS MANITOBA

2017

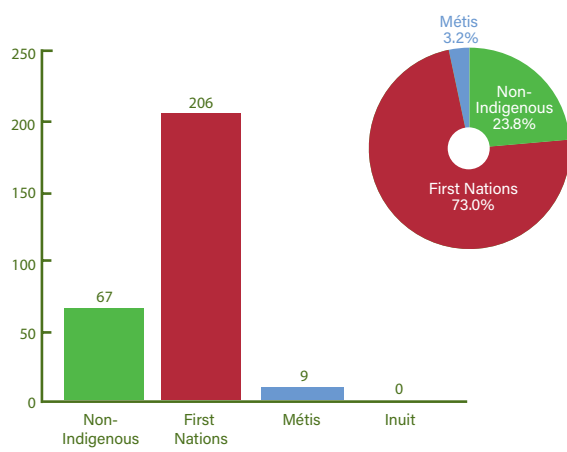

Introduction and Background

Indigenous education and improving educational outcomes for Indigenous learners continue to be priorities for Manitoba educators. The *Survey on Indigenous Teachers Manitoba 2017* (formally, *Manitoba Teachers' Survey on Indigenous Education* and *Aboriginal Teachers' Questionnaire*) is part of Manitoba Education and Early Childhood Learning's commitment to improve the research base for Indigenous education. The department is publishing the data to continue to track the number and location of Indigenous teachers in Manitoba. The *Survey on Indigenous Teachers Manitoba* is invaluable in providing a profile on the number of Indigenous educators in Manitoba, as well as some key characteristics such as cultural and linguistic identity.
