INTRODUCTION

The Funding of Schools Program (FSP) is established by the provincial government in **The Public Schools Act**, the **Funding of Schools Program Regulation (M.R. 160/2022)** and associated regulations. The FSP comprises operating and capital support for public school divisions in Manitoba and is administered by the Education Funding Branch.

This summary of the FSP for the 2025/26 school year is intended to serve as a reference guide. The legislative and regulatory documents that support the FSP remain the authoritative source.

All grants calculated using eligible enrolment are based on the best of three years of actual eligible enrolment (September 2022, 2023, or 2024). Grants requiring separate enrolment counts will be based on the current year's eligible enrolment (September 29, 2025). The **Public Schools Enrolment and Categorical Grants Reporting** booklet contains complete details and instructions with respect to enrolment and categorical grants reporting and is available by visiting the [Manitoba Education and Early Childhood Learning – Finance and Statistics](#) website.

This document is available by visiting the [Manitoba Education and Early Childhood Learning – Finance and Statistics](#) website.

REVISIONS

2025/26 Funding of Schools Program

- Instructional Support grant rate has increased from \$1,927 to \$1,986 per eligible public school division pupil. Whiteshell School Division/District remains at \$1,115.
- Equalization Support is calculated using the 2025 assessment for all divisions and the maximum assessment-per-pupil used to determine the 2025/26 equalization factor is set at \$777,724.
 - The percentage of unfunded expenditures remains at 80%.
 - Additional Equalization is maintained at 2024/25 amounts.
- The Formula Guarantee is set at 101%.
- Funding applications for Level 2 and 3 funding is not required. This excludes Level 3 Emotionally/Behaviourally Disordered and Level 3 Unified Referral and Intake System (URIS) Group A pupils who continue to require student specific applications.
- The Intensive Newcomer Support is no longer application-based. It takes into account funding for Year 4 students under English as an Additional Language support, and redistributes the funding based on division reported refugee students.
- The Northern Allowance grant rate increased from \$670 to \$713 per eligible pupil.
- Technology Education Equipment Replacement has been increased by \$1.4 million

OTHER REVISIONS

- The Tax Incentive Grant (TIG) and TIG Guarantee have been combined with the Property Tax Offset Grant (PTOG). Allocations will remain at 2024/25 amounts.
- For 2025/26, the Government of Manitoba will continue to invest a total of \$30 million in Nutrition funding to support new and existing nutrition programs in Manitoba schools for K-12 students. The \$30 million for nutrition programming will be allocated as follows:
 - \$22 million will be allocated to public school divisions for the universally accessible nutrition programs. Of this amount, \$4 million will be allocated to schools with higher socio-economic needs
 - Approximately \$8 million will be allocated to community partners delivering nutrition programs. This will include Child Nutrition Council of Manitoba, Harvest Manitoba, After School, Summer and School Break Programs.

For additional information on nutrition programming, please contact Indigenous Excellence at IEADM@gov.mb.ca.

- Funding of \$3 million for the smaller class size initiative will continue in 2025/26. This funding will be allocated to facilitate improved one-on-one support for K-3 students. For additional information, please contact Student Achievement and Inclusion at SAI-ADM@gov.mb.ca.

- The Community Schools Program, which supports the capacity of schools as hubs within communities to strategically mobilize and deploy school-community resources that attain better outcomes for students, families and neighbourhoods, will be expanded to support an additional five schools in 2025/26.

BASE SUPPORT

1. Instructional Support

Instructional Support is \$1,986 per eligible public school division pupil (\$1,115 for Whiteshell School District) multiplied by the maximum of three years eligible enrolment on September 29, 2022, 2023, or 2024.

2. Additional Instructional Support for Small Schools

Additional Instructional Support for Small Schools is provided to assist school divisions with the costs associated with operating small public schools. Hutterian schools and Frontier School Division schools are not eligible for this grant.

Support is the greater of \$125,000 – (A + B), or zero, where:

A = 2025/26 Instructional Support for each school;

B = 2025/26 Sparsity Support for each school.

3. Sparsity Support

Sparsity Support is provided in recognition of the higher costs associated with sparsely populated rural and northern school divisions.

Support is provided to school divisions with a dispersion factor less than 10.

Dispersion Factor = A / B, where:

A = the best of three years of eligible enrolment on September 29, 2022, 2023, or 2024;

B = the area of the school division (in square kilometres).

For school divisions with a dispersion factor of less than 10, support is calculated for schools that:

- (a) are in rural areas or cities and towns with less than 10,000 residents (based on 2016 Census), and
- (b) have less than an average of 50 pupils per grade, based on best of three years of eligible enrolment, September 29, 2022, 2023, or 2024.

Support is the sum of:

$[(50 - C) \times \$11] \times D$ for each eligible school, where:

C = the average number of pupils per grade in the school (in best of three years of eligible enrolment on September 29, 2022, 2023, or 2024);

D = the best of three years of eligible enrolment of the school (on September 29, 2022, 2023, or 2024).

Please refer to the departmental contact list in Appendix F for additional information.

4. Curricular Materials

\$60 per eligible pupil multiplied by the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024.

Please refer to the departmental contact list in Appendix F for additional information.

5. Information Technology

\$62 per eligible pupil multiplied by the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024.

6. Library Services

Support is the lesser of:

- (a) \$92 per eligible pupil multiplied by the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024;
- (b) allowable expenses as reported under Library/Media Centre (Program 620) on the Calculation of Allowable and Unsupported Expenses in the 2032/2024 FRAME financial statements.

7. Student Services Grant

The Student Services Grant consists of a per pupil amount combined with socio-economic and children-in-care components.

Support is the lesser of:

- (a) the sum of A + B + D + E, where:

A = \$303 multiplied by the maximum of 3 years eligible enrolment (i.e. September 29, 2022, 2023 or 2024).

B = September 29, 2022, 2023 or 2024 eligible enrolment for each school multiplied by a rate per pupil corresponding to the Low-Income Indicator Rate Table (Appendix D).

The low-income indicator is the percentage of low-income families with school-aged children in the school catchment area (based on 2016 Census data).

D = September 29, 2022, 2023 or 2024 eligible enrolment for schools with low-income indicators greater than or equal to 29 (i.e. schools in the 90th percentile) multiplied by a rate per pupil corresponding to the Low-Income Indicator Rate Table (Appendix D).

E = \$500 per pupil reported multiplied by the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024 as being under the care of Child and Family Services.

- (b) allowable expenses as reported under Student Support Services (Programs 210 to 260) on the Calculation of Allowable and Unsupported Expenses in the 2025/2026 FRAME financial

statements. Revenues deducted in the Calculation of Allowable and Unsupported Expenses for the Student Services Grant includes support for Special Needs: Coordinator/Clinician and Special Needs: Level 2 and 3 as well as any other revenues related to Programs 210 to 260.

Please refer to the departmental contact list in Appendix F for additional information.

8. Counselling and Guidance

Support is the lesser of:

- a) \$83 per eligible pupil multiplied by the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024;
- b) allowable expenses as reported under Counselling and Guidance (Program 270) on the Calculation of Allowable and Unsupported Expenses in the 2025/2026 FRAME financial statements.

9. Professional Development

Support is the lesser of:

- a) the sum $(A + B) \times C$
 - A = \$39;
 - B = \$7 for a school division whose board office is between 100 and 350 kilometres from the City of Winnipeg or \$12 for a school division whose board office is more than 350 kilometres from the City of Winnipeg;
 - C = the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024.
- b) allowable expenses as reported under Professional and Staff Development (Program 630) on the Calculation of Allowable and Unsupported Expenses in the 2025/2026 FRAME financial statements.

10. Physical Education

Support is provided to assist school divisions with the costs associated with the Grades 11 and 12 Physical Education/Health Education (PE/HE) credits.

Support is \$125 per the maximum of 3 years eligible pupil in Grades 11 and 12 on September 29, 2022, 2023, or 2024.

11. Occupancy

Support is the lesser of:

- (a) Maximum Support = $[(A \times 80\%) + (B \times 20\%)] \times \$85,500,000$, where:
 - A = total area of active school buildings in the school divisions on September 29, 2024 (including leased instructional space) divided by the total area of active school buildings in the province
 - B = total weighted ages of active school buildings in the school divisions on September 29, 2024 divided by the total weighted ages of active school buildings in the province;
- (b) Occupancy Expenditures = $68\% \times (C + D)$, where:

- C = allowable expenses as reported under Operations and Maintenance (Function 800) on the Calculation of Allowable and Unsupported Expenses in the 2024/2025 FRAME financial statements;
- D = $E - F$, provided E is greater than F, where:
- E = the average of 2022/2023 and 2023/2024 total expenses on the Operating Fund - Expense Detail: Function 800 in the FRAME financial statements for the respective years;
- F = the total expenses on the Operating Fund – Expense Detail: Function 800 in the 2024/2025 FRAME financial statements.

Please refer to the departmental contact list in Appendix F for additional information.

CATEGORICAL SUPPORT

1. Transportation

Generally, school divisions must transport resident pupils who do not reside in the same city, town or village as the designated school and have more than 1.6 kilometres to walk to the designated school. Regardless of distance, or whether or not the pupil resides in a city, town or village, school divisions are also obligated to transport resident pupils attending the designated school who:

- have impaired mobility, and/or
- are unable to walk to school safely due to identified special needs.

Where a school division is required but unable to provide transportation, an allowance in-lieu of transportation must be provided. School divisions may transport pupils who reside in the same city, town or village, in which the designated school is located, or provide an allowance in-lieu of transportation, but are not obligated to do so.

Transportation funding is provided where school divisions are obligated to transport or provide an allowance in-lieu of transportation. Transportation funding is also provided for a number of circumstances under which school divisions may choose to provide transportation or an allowance in-lieu of transportation. However, pupils attending adult learning centres, home school pupils, pupils 21 years of age or older on December 31 and pupils who have completed a high school diploma or received a certificate of completion are not eligible for transportation support.

Further information is available in the **Public Schools Enrolment and Categorical Grants Reporting** (Part I, Section 2) by visiting the [Manitoba Education and Early Childhood Learning – Finance and Statistics](#) website.

Please also refer to Appendix B, Schools of Choice and Transportation Funding regarding transportation support for pupils exercising choice. Sections 43 to 47 of [The Public Schools Act](#) and Sections 11 to 14 of the [Funding of Schools Program Regulation \(M.R. 160/2022\)](#) should be consulted for complete requirements with respect to transportation obligation and funding criteria.

Designated School:

Designated school means the school designated by the school board as the school within the school division where the pupil resides that has space and offers the appropriate education required by the pupil. School boards also have the authority to designate out-of-school division schools attended by a resident pupil for a program not offered by the resident school division.

For transportation support eligibility purposes only, a school board may also designate a school based on the programming and educational requirements of a pupil in respect to special needs and approved Bilingual Indigenous or International Language programs.

Transportation Support is the total of:

- (a) Urban: \$290 per transported pupil on September 29, 2025 for
 - pupils¹ enrolled in Kindergarten to Grade 6 who reside in a city, town or village and are more than 1.6 kilometres from their designated school,
 - pupils¹ enrolled in Grades 7 to 12 who reside in a city, town or village and are more than 1.6 kilometres from a public transit stop and from their designated school, and
 - pupils enrolled in Kindergarten to Grade 12 who take a program not offered in their home school division if the school division attended is in the same city, town or village as the home school division.
- (b) Rural: \$375 per transported pupil on September 29, 2025 for
 - pupils¹ enrolled in Kindergarten to Grade 12 who do not reside in a city, town or village,
 - pupils enrolled in Kindergarten to Grade 12 who do not reside in the same city, town or village as the designated school within the home school division,
 - pupils enrolled in Kindergarten to Grade 12 who take a program not offered in the pupil's home school division if the school division attended is not in the same city, town or village as the home school division.
- (c) Special Class: \$490 per transported pupil¹ on September 29, 2025 who is unable to walk safely to school due to identified special needs.
- (d) DSFM: \$375 per transported pupil on September 29, 2025 for those pupils who must cross school division boundaries to reach school.
- (e) Special: \$2,855 per pupil with impaired mobility requiring transportation on a specially equipped vehicle used to transport passengers with physical disabilities that meet the applicable CSA standards (Motor vehicles for transportation of persons with physical disabilities). Included are vehicles that meet requirements outlined under the Standards for Mobility Aid Securement Devices and Occupant Restraint Systems and Related Exemptions Regulation.

Please note that vans with a lift or ramp and tie-downs and occupant restraint system that do not meet the applicable CSA standards are not eligible.

¹ Includes Independent school pupils transported by the school division under a shared services agreement.

Support is determined based on the number of eligible pupils on September 29, 2025 and is, thereafter, adjusted to ensure that additional pupils identified throughout the school year receive funding.

- \$5 per maximum of 3 years eligible pupil on September 29, 2022, 2023, or 2024.
- (f) Loaded Kilometre Support is calculated by multiplying each loaded kilometre on an approved school bus route on September 29, 2025 by a rate based on the following dispersion factors:
 - greater than or equal to 1.8 \$111.00
 - less than 1.8 and greater than 0.28 \$133.00
 - less than or equal to 0.28 \$159.00
 - The dispersion factor is A / B where:
 - A = the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024;
 - B = the area of the school division (in square kilometres).
- (g) Rural/DSFM Loaded Kilometre Support: \$27 for each loaded kilometre on an approved rural or DSFM school bus route on September 29, 2025.
- (h) Bus Grant: \$3,775 per bus on approved rural or DSFM school bus routes on September 29, 2025.
- (i) Safety Grant: \$5 per eligible Kindergarten to Grade 6 maximum of 3 years eligible pupil on September 29, 2022, 2023, or 2024.

Please refer to the departmental contact list in Appendix F for additional information.

2. Board and Room

Support is the lesser of:

- (a) the sum of \$600 per pupil for each month, or part of a month, the pupil lives away from his or her residence to take a program not offered in the pupil's home school if the one-way distance from the pupil's residence to the school attended is 80 kilometres or more;
- (b) the sum of the actual amount of board and room, transportation and other miscellaneous costs expended per pupil eligible for board and room support as reported on Appendix A of the Calculation of Allowable and Unsupported Expenses in the 2025/2026 FRAME financial statements.

Note: Expenses related to board and room support must be reported under Program 780, Boarding of Students/Dormitories, in the 2025/2026 FRAME financial statements. Expenses under Program 780 must be equal to or greater than the expenses reported on the Calculation of Allowable Expenses (Appendix A).

In (a), support is determined based on the number of eligible pupils enrolled on September 29, 2025 and is adjusted thereafter to ensure that additional pupils identified throughout the school year receive funding. Pupils claimed for board and room support on September 29, 2025 cannot be claimed for transportation support on that date. With respect to eligibility for

board and room support, further information is available in the **Public Schools Enrolment and Categorical Grants Reporting** by visiting the [Manitoba Education and Early Childhood Learning – Finance and Statistics](#) website.

Please refer to the departmental contact list in Appendix F for additional information.

3. Special Needs

Support is the total of:

(a) Coordinator/Clinician:

Coordinator/Clinician support is the lesser of maximum support and 2025/2026 allowable expenses for salaries, allowances and benefits, professional service fees, and travel and meetings for qualified clinicians and up to one qualified special education coordinator reported on Appendix A of the Calculation of Allowable and Unsupported Expenses in the 2025/2026 FRAME financial statements. Further information regarding eligible and allowable expenses is available in the **Guide for the Completion of Allowable and Unsupported Expenses** in the FRAME budget and FRAME financial statement files provided to school divisions by Education Funding Branch.

Maximum support is calculated as:

$(A + B) \times C$, where:

A = \$75 for school divisions south of the 53rd parallel or \$37 for Frontier School Division and school divisions north of the 53rd parallel;

B = sparsity rate (5 pupils per square km – C/D) x \$7, where:

C = the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024;

D = the area of the school division (in square kilometres).

(b) Level 2 and Level 3:

School divisions will be provided with the same Level 2 and Level 3 funding amount that was provided in 2024/2025. **NOTE:** the additional Level 2 and Level 3 support for the 2025/26 school year is calculated outside of the Funding of Schools Program and is part of Other Support.

No funding applications are required for the 2024-2025 school year. This excludes Level 3 Emotionally/Behaviourally Disordered (EBD3) and Level 3 Unified Referral and Intake System (URIS) Group A pupils. These pupils continue to require student specific applications to be completed by school divisions and submitted to the Funding Review Team, Inclusion Support Branch to determine funding eligibility. Further information for application processes and funding criteria can be obtained by visiting [Manitoba Education and Early Childhood Learning Student Services](#) website.

Funding for EBD3 and URIS Group A pupils is \$21,130 per eligible F.T.E. pupil on September 29, 2025 and a portion thereof for eligible students enrolled October 1, 2025 or later.

For Whiteshell School District, all Level 2 and Level 3 pupils continue to require student specific applications to be completed and submitted to the Funding Review Team, Inclusion

Support Branch to determine funding eligibility. Funding for Level 2 and Level 3 is \$9,500 and \$21,130 respectively per eligible F.T.E. pupil on September 29, 2025 and a portion thereof for eligible students enrolled October 1, 2025 or later.

Further Information regarding Special Needs Funding is available on the [Manitoba Education and Early Childhood Learning Student Services](#) website.

Please refer to the departmental contact list in Appendix F for additional information.

4. Senior Years Technology Education

Support, based on 2025/2026 data, is the total of:

- (a) \$165 per pupil per Category I unit credit,
- (b) \$55 per pupil per Category II unit credit, and
- (c) \$5,500 per approved Senior Years Technology Education Program.

Planning and reporting for this grant must be submitted by October 31, 2025 on the grant reporting template available on the [Manitoba Education and Early Childhood Learning Planning and Reporting](#) website.

If, during the school year, the division is not able to implement the plan as submitted to the department, divisions are required to contact the consultant immediately to indicate the reasons why and discuss a plan of action. Visit the [Manitoba Education and Early Childhood Learning Technology Education](#) website for further information.

Please refer to the departmental contact list in Appendix F for additional information.

5. English as an Additional Language

English as an Additional Language (EAL) Support is available for pupils with limited proficiency in the English language who are receiving EAL curriculum, instruction and related services on September 29, 2025. These programs and services should be identifiable and distinct from classroom differentiations that normally are provided to address pupil differences.

Funding is provided for a maximum of three consecutive years. Support rates per eligible F.T.E. pupil receiving EAL support are \$800 for the first year of eligibility, and \$750 per year for the next two consecutive years of eligibility (Note: fourth year EAL funding is now part of the Intensive Newcomer Support grant.) The point of entry for EAL support for pupils in the French Immersion program is Grade 1. For pupils in the Français program, the point of entry for EAL support is Grade 4. This aligns funding with the recommended timing of the introduction of English programming. Further information is available in the Public Schools Enrolment and Categorical Grants Reporting booklet on F.T.E. definitions, eligibility, commencement and duration of support by visiting [Manitoba Education and Early Childhood Learning- Finance and Statistics](#).

This grant is included in the 2025/2026 school division planning and reporting process whereby the school division must meet the planning and reporting requirements by October 31, 2025. If, during the school year, the division is not able to implement the plan as submitted to the department, divisions are required to contact the consultant immediately to indicate the reasons why and discuss a plan of action.

Divisions are required to provide a signed declaration by October 31, 2025 for the amount of funds expended in the 2025/2026 school year. The declaration form and information about the planning and reporting process is available online at [Manitoba Education and Early Childhood Learning Planning and Reporting](#).

Further information regarding EAL, including the documents, **Guidelines for the English as an Additional Language (EAL) Support Grant**, can be located on the [Manitoba Education and Early Childhood Learning English as an Additional Language](#) website.

Please refer to the departmental contact list in Appendix F for additional information.

6. Intensive Newcomer Support

Intensive Newcomer Support (INS) responds to the unique needs of newcomer students who have experienced disruptions to learning and/or have low literacy skills in any language. INS funding is designed to support the establishment of specialized programming, distinct from and beyond regular EAL support provided, and prepare students to transition to general and EAL supported programming, as appropriate. INS programming should focus on essential language, foundational academic and literacy skills, as well as cultural orientation.

Support is calculated as:

$A = \$2,578,200 * B$, where:

B = the proportion of division reported refugee students on September 29, 2024

7. Indigenous Academic Achievement

The Indigenous Academic Achievement Grant (IAA) is provided to assist school divisions with current programming or the implementation of new programs and initiatives that improve academic success for Indigenous students.

Support is calculated as:

$A = \$9,000,000 * (B / C)$, where:

B = the number of Indigenous families with school-aged children in the school division (based on 2011 National Household Survey data)

C = the number of Indigenous families with school-aged children in the province (based on 2011 National Household Survey data).

Reporting for the IAA grant is included in the 2025/2026 school division planning and reporting process. School divisions must meet the planning and reporting requirements by October 31, 2025. **Indigenous Academic Achievement plans must focus on strategies which result in measurable increases in Indigenous student achievement, particularly related to literacy and numeracy for a minimum of 50% of the grant allocation.** The remainder of the grant can be used to support educational and culturally relevant programming.

School divisions are required to contact the Indigenous Excellence Branch if they are unable to implement their IAA plan as submitted to the department and must indicate the reasons why and develop an agree upon a plan of action.

Divisions are required to provide a signed declaration by October 31, 2025 for the amount of funds expended in the 2025/2026 school year. The declaration form and information about the planning and reporting process is available on the [Manitoba Education and Early Childhood Learning Planning and Reporting](#) website.

Information regarding Indigenous Academic Achievement, including support documents can be obtained on the [Manitoba Education and Early Childhood Learning Indigenous Academic Achievement Grant](#) website.

Building Student Success with Indigenous Parents (BSSIP)

The Building Student Success with Indigenous Parents (BSSIP) grant is intended to increase the involvement of Indigenous parents, families, and caregivers in education.

Fifty qualifying sites will each receive funding in the amount of \$20,000 for 2025/2026. Qualifying sites are identified using socio-economic indicators, school migrancy rates collected from school divisions, and voluntary Indigenous (self-declared) student enrollment.

The Mamàhtawisiwin Tool for Reflection, Planning and Reporting template will be utilized for BSSIP projects. A budget also needs to be included using the BSSIP format for financial reporting. All proposed plans **must be submitted by May 9, 2025**. School divisions with 2024/2025 BSSIP projects must submit their financial reports by October 31, 2025.

Please refer to the departmental contact list in Appendix F for additional information.

8. Indigenous and International Languages

Based on September 29, 2025 enrolment, support is the total of:

(a) Bilingual Indigenous or International Language

Kindergarten to Grade 12: \$130 per eligible Bilingual Indigenous or International Language Pupil.

Bilingual Indigenous or International language pupil means:

- (i) Kindergarten: a maximum of 100%, but no less than 38% of instruction time in an Indigenous or International language;
- (ii) Grades 1 to 12: a maximum of 50%, but no less than 38% of instruction in an Indigenous or International language.

(b) Indigenous or International Language courses

Grades 1 to 12: \$14 for each Indigenous or International Language course that an eligible pupil is enrolled in.

Indigenous or International language courses means:

- (i) Grades 1 to 8: Instruction in an Indigenous or International language or in a subject in which the Indigenous or International language is used as the language of instruction for at least 120 minutes per six-day cycle;
- (ii) Grades 9 to 12: An approved course in an Indigenous or International language or an approved course in which the Indigenous or International language is used as the language of instruction for a subject area.

Information regarding Indigenous and International Languages can be obtained by visiting the [Manitoba Education and Early Childhood Learning International and Heritage Languages](#) website.

Please refer to the departmental contact list in Appendix F for additional information

9. French Language Education

Funding is provided to school divisions where instruction in the French language is offered in their schools. Grants are calculated on the basis of September 29, 2025 enrolment and other related data. Please refer to the webpage entitled Grants for French Language Education, Français Program, French Immersion Program and French courses at [Manitoba Education and Early Childhood Learning Finance and Statistics](#) for complete details regarding guidelines, instructional requirements and calculations for these grants.

Support is the sum of all funding for French Language Education where:

Français Program and French Immersion Program				
Kindergarten to Grade 8 \$225 x F.T.E F.T.E. is the percentage of time taught in the French language divided by 75% (to a maximum result of 1.25 F.T.E.) multiplied by the number of pupils.		Grades 9 to 12 \$42.20 per pupil For each credit course taught in the French language, the number of pupils in the course is multiplied by \$42.20.		
English Program: French Courses				
Early Start	9 year Course			
K to Grade 3	Grades 4 to 6		Grades 7 to 8	
\$45 x F.T.E where the % of time allotted to the French course is not more than 13.3%	\$90 x F.T.E. where the % of time allotted to the French course is greater than or equal to 10.0% to a maximum of 13.3%	\$45 x F.T.E where the % of time allotted to the French course is less than 10.0%	\$90 x F.T.E. where the % of time allotted to the French course is greater than or equal to 10.6% to a maximum of 13.3%	\$45 x F.T.E. where the % of time allotted to the French course is less than 10.6%
	Grades 9 to 12 \$12.00 per pupil For each French 9-Year course the number of students enrolled is multiplied by \$12.00			
F.T.E. is the percentage of time taught in French multiplied by the number of pupils.				

Intensive*	
Four-year model: Grade 5 to 8 or Three-year model: Grade 6 to 8	
Year 1	Subsequent years
\$225 x F.T.E. where the percentage of time taught in the French language is 50% to a maximum of 80% in one half of the school year and is 11% or more in the other half of the school year	\$225 x F.T.E. Where the percentage of time allocated to the French course is 11% or more
F.T.E. is the weighted percentage of time taught in the French language or the subject of French, over two semesters, multiplied by the number of pupils.	

*Intensive French is a 3 or 4 year literacy-based approach to teaching French. This course can start in either Grade 5 or 6 and may continue to Grade 8. Funding is provided for up to four consecutive years where programming has started in Grade 5 and for up to three consecutive years where programming has begun in Grade 6.

Since 2014/2015, French Language Education has its own review process. Information is located at [Manitoba Education and Early Childhood Learning Finance and Statistics](#) website.

Please refer to the departmental contact list in Appendix F for additional information.

10. Small Schools

Small Schools support is provided to assist school divisions in meeting the additional programming needs of small schools. It is not necessary to expend the grant in a specific school.

Small Schools support is calculated for eligible schools in rural school divisions and schools in rural parts of the DSFM. Support is calculated as the lesser of the cost of small schools programming as reported on Appendix A of the Calculation of Allowable and Unsupported Expenses in the 2025/2026 FRAME financial statements and the total of (a), (b), and (c), provided that the F.T.E. enrolment of those grades that qualify for support is greater than 15% of the school's total enrolment.

(a) F.T.E pupils in grades K to 8 (elementary) multiplied by the rate per pupil corresponding to the table below:

Average Elementary Pupils per Grade (AEPG)	
AEPG < 5.0	\$51 per elementary pupil
AEPG > = 5.0 < 20.0	\$51 – \$3.40 x (AEPG – 5.0) per elementary pupil

(b) F.T.E. pupils in grades 9 to 12 (secondary) multiplied by the rate per pupil corresponding to the table below:

Average Secondary Pupils per Grade (ASPG)

ASPG < 10.0	\$212 per secondary pupil
ASPG > = 10.0 < 50.0	\$212 – \$5.30 x (ASPG – 10.0) per secondary pupil

(c) If the school qualifies for support under (a) or (b) an amount of \$5,300.

For the purpose of Small Schools support, F.T.E. is the maximum of 3 years total enrolment on September 29, 2022, 2023, or 2024 excluding Nursery pupils, 50% Kindergarten pupils and, for adults the percentage of time not eligible for funding.

In the case of a new school, F.T.E. enrolment to September 29, 2025 is used in the above calculation.

Please refer to the departmental contact list in Appendix F for additional information.

11. Northern Allowance

For Frontier School Division and, for schools in school divisions that lie north of the 53rd parallel, \$713 per maximum of 3 years eligible pupil on September 29, 2022, 2023, or 2024.

Please refer to the departmental contact list in Appendix F for additional information.

12. Early Childhood Development Initiative

The Early Childhood Development Initiative (ECDI) is provided to assist school divisions in their efforts to provide intersectoral services for pre-school children (birth to 5 years of age) to increase readiness for school entry. ECDI is designed to support school divisions in responding to their local needs and priorities and to provide – in partnership with parents and the community – programs that facilitate children’s success in the early years.

Support consists of a per pupil formula amount plus an Early Development Instrument (EDI) Supplement based on the school readiness vulnerability incidence of kindergarten pupils in each school in excess of the provincial average incidence of 28.6%.

Support is the total of A + B, where:

A = the greater of \$330 per maximum of 3 years eligible kindergarten pupil on September 29, 2022, 2023, or 2024 and \$5,500

B = the greater of:

(a) the sum of $(C - 28.6) \times D \times \10 calculated for each school where

C = school readiness vulnerability incidence of kindergarten pupils

D = maximum of 3 years eligible kindergarten pupil on September 29, 2022, 2023, or 2024.

(b) \$10 per maximum of 3 years eligible kindergarten pupil on September 29, 2022, 2023, or 2024.

Planning and reporting for this grant must be submitted by October 31, 2025 on the grant planning and reporting template available on the [Manitoba Education and Early Childhood Learning Planning and Reporting](#) website.

If, during the school year, the division is not able to implement the plan as submitted to the department, divisions are required to contact the consultant immediately to indicate the reasons why and discuss a plan of action.

Please refer to the departmental contact list in Appendix F for additional information.

13. Literacy and Numeracy

The Literacy and Numeracy grant is provided to improve literacy and numeracy achievement for students. Support is the total of A + B, where:

A = \$84 multiplied by multiplied by the maximum of 3 years eligible enrolment on September 29, 2022, 2023, or 2024;

B = Reading Recovery® Teacher Leader Support.

This grant is included in the 2025/2026 school division planning and reporting process whereby the school division must meet the planning and reporting requirements by October 31, 2025. If, during the school year, the division is not able to implement the plan as submitted to the department, divisions are required to contact the consultant immediately to indicate the reasons why and discuss a plan of action.

Divisions are required to provide a signed declaration by October 31, 2026 for the amount of funds expended in the 2025/2026 school year. The declaration form and information about the planning and reporting process is available by visiting the [Manitoba Education K-12 Planning and Reporting Website](#).

Please refer to the departmental contact list in Appendix F for additional information.

14. Education for Sustainable Development

The Education for Sustainable Development (ESD) grant is provided to school divisions in support of their efforts to incorporate ESD into all aspects of school division and school activities, operations and programming. Funding is calculated as \$700 per school on September 29, 2024 and can be used in a variety of ways, through school division-wide and/or school-based initiatives, to support the objectives of the ESD grant.

Divisions are required to provide a signed declaration by October 31, 2026 for the amount of funds expended in the 2025/2026 school year. The declaration form is available at [Manitoba Education and Early Childhood Learning K-12 Planning and Reporting Website](#).

Visit [Manitoba Education and Early Childhood Learning K-12 ESD](#) for additional information on Education for Sustainable Development.

Please refer to the departmental contact list in Appendix F for additional information.

EQUALIZATION SUPPORT

Equalization Support is provided to recognize the varying abilities of school divisions to meet the cost of unsupported program requirements through the property tax base of the school division. Equalization Support has two components: Equalization and Additional Equalization¹.

Support = A x 80% x B, where

- A = Unsupported expenses as reported on the Calculation of Allowable and Unsupported Expenses in the 2024/2025 FRAME financial statements.
- B = $1 - (C / \$777,724)$, where
- C = 2025 prorated total school assessment (including equivalent mining assessment) divided by the greater of September 29, 2024 resident pupils and the average of September 29, 2022, September 29, 2023 and September 29, 2024 resident pupils.

Resident pupil counts include only those resident pupils without diplomas who are under age 21 as of December 31.

2025 Prorated Total School Assessment (for provincial funding purposes)

- 2025 total school assessment in school divisions whose boundaries overlap with the Division Scolaire Franco-Manitobaine (DSFM) has been prorated on the basis of non-DSFM maximum of 3 years resident pupils on September 29, 2022, 2023, or 2024.
- 2025 total school assessment in the DSFM is assessment in school divisions whose boundaries overlap with the DSFM prorated for maximum of 3 years resident DSFM pupils on September 29, 2022, 2023, or 2024.
- 2025 total school assessment is used for all other school divisions.

2025 Equivalent Mining Assessment

In school divisions with mining revenue (Flin Flon, Frontier, Mystery Lake), the equivalent mining assessment is:

A / B, where:

- A = Mining revenue, which for Flin Flon is determined by dividing the special basic expenditures by the total basic expenditures and multiplying the result by the total mining revenue in the 2024 municipal budget; and for Frontier and Mystery Lake is the amount recorded as mining revenue in the 2024/2025 FRAME financial statements.
- B = School Year mill rate determined by dividing the 2024/2025 Special Requirement, plus mining revenue for Frontier and Mystery Lake, less 2024/2025 net current year surplus/(deficit) gross of non-vested sick leave in the 2024/2025 FRAME financial statements by the 2024 total school assessment.

Additional Equalization

Additional Equalization is provided to assist school divisions that have both higher than average tax effort and lower than average assessment per pupil. Additional Equalization support is set at 2024/2025 levels.

¹ Whiteshell School District is not eligible for Equalization Support

FORMULA GUARANTEE

Support is the greater of A or zero:

$A = (B \times 1.01) - C - D$, where:

B = 2024/2025 Base, Categorical, Equalization, School Buildings (Earned) Support and Formula Guarantee

C = for Level 3 EBD and URIS Group A, the lesser of support added after September 29, 2024 and support added after September 29, 2025.¹

D = 2025/2026 Base, Categorical, Equalization and School Buildings (Earned) Support excluding Level 3 EBD and URIS Group A Support added after September 29, 2025.¹

CAPITAL SUPPORT

Capital Support for:

(a) school construction (debt servicing)

(b) Technology Education Equipment Replacement

Support = $(A / B) \times \$3,900,000$, where:

A = total expenditures of each school division in approved technology education programming plus approved adjustments

B = total expenditures of all school divisions in approved technology education programming plus approved adjustments

(c) Skills Strategy Equipment Enhancement Fund (provincial funding of \$1,500,000).

(d) minor capital projects and debt round-off payments

(e) School Buildings Support for Section "D" Capital Projects under the Capital Support Program

Support = $(A / B + C / D) / 2 \times \$6,000,000$, where:

A = sum of weighted ages of active school buildings in the school division as on September 29, 2024;

B = sum of weighted ages of active school buildings in the Province on September 29, 2024;

C = sum of areas of active school buildings in the school division on September 29, 2024 (excluding leased instructional space);

D = sum of areas of active school buildings in the Province on September 29, 2024 (excluding leased instructional space).

¹ For Whiteshell School District, the special needs adjustments pertain to Level 2 and Level 3 support.

Please refer to the departmental contact list in Appendix F for additional information.

OTHER SUPPORT / REVENUE FROM THE DEPARTMENT

The Department of Education and Early Childhood Learning also provides other support/revenue towards the operating costs of school divisions.

This support/revenue includes grants such as Shared Services, Special Needs (e.g. programming agreements for specialized classrooms), Institutional Programs, Nursing Supports (URIS), New Schools, General Support Grant, Rural and Northern Clinician Bursary, Reading Apprenticeship, Career Development Initiative Grant, and Tax Incentive Grant.

OTHER REVENUE

School divisions receive revenue from a variety of other sources including, but not limited to, the Government of Canada, First Nations and other school divisions.

SPECIAL REQUIREMENT

The difference between expenses and revenues for 2025/2026 for each school division is made up by the special requirement.

SPECIAL LEVY

The spring term portion of the 2024/2025 Special Requirement and the fall term portion of the 2025/2026 Special Requirement comprise the 2025 Special Levy.

A minimum of 40% of the 2025/2026 Special Requirement must be raised by the 2025 Special Levy.

The Special Levy is raised on the assessed property within a school division. The Special Levy mill rates, therefore, vary throughout the Province.

APPENDIX A

Special Levy and the Division Scolaire Franco-Manitobaine (DSFM)

The boundaries of the DSFM encompass a total of 27 school divisions, either in whole or in part. The school divisions are:

Border Land	Mountain View	River East Transcona
Brandon	Mystery Lake	Rolling River
Fort La Bosse	Park West	St. James-Assiniboia
Hanover	Pembina Trails	Seine River
Interlake	Pine Creek	Seven Oaks
Kelsey	Portage La Prairie	Southwest Horizon
Lakeshore	Prairie Rose	Sunrise
Louis Riel	Prairie Spirit	Turtle River
Lord Selkirk	Red River Valley	Winnipeg

Pupils residing within DSFM boundaries and attending DSFM schools are residents of the DSFM. Therefore, under section 21.34 of [The Public Schools Act](#), school divisions shall pay Special Levy to the DSFM on their behalf.

The DSFM Special Levy is determined by dividing the Special Levy of the school division by the number of resident pupils under the age of 21 without diplomas attending public schools (excluding DSFM schools) and multiplying by the number of resident pupils under the age of 21 without diplomas, attending the DSFM. This amount, collected with the Special Levy of the school divisions, is remitted to the DSFM in accordance with the **Education Support Levy and Special Levy Regulation**, Manitoba Regulation 371/88.

APPENDIX B

Schools of Choice and Transportation Funding

Schools of Choice gives parents and pupils the ability to choose and attend a school other than the one designated by the home school division. With respect to eligibility for transportation support when exercising choice, the designated school is generally the closest school that has space and offers the appropriate education required by the pupil, as determined by the school board, and is accessible via an approved school bus route.

Transportation support eligibility to a school of choice within the home school division:

If a pupil is eligible for transportation to his/her designated school, then the home school division may provide transportation to the school of choice on an existing bus route if the school of choice is more than 1.6 km from the pupil's place of residence. If transportation is provided, the school division may claim a transported pupil grant from the Department.

Transportation support eligibility to a school of choice outside of the home school division:

Transportation support is not generally provided for transportation to a school of choice outside of the home school division. Pupils attending a school of choice outside of the home school division are only eligible for transportation support if they do not live in the same community as their designated school, live closer by road route to the out of school division school of choice than to the designated school, have more than 1.6 kilometres to walk to the school of choice and would have been eligible for transportation support to their designated school.

In such situations:

- a) either the receiving school division or the home school division may transport an eligible pupil and if it does so may claim a transported pupil grant from the Department, or
- b) if the home school division chooses not to transport an eligible pupil, they may provide a grant-in-lieu to the parent or pupil and if it does so, may claim a transported pupil grant from the Department, or
- c) if both the receiving and the home rural school divisions choose not to transport an eligible pupil, and the home rural school division also chooses not to provide a grant-in-lieu, then the parent or pupil will be entitled to a grant-in-lieu paid by the receiving school division, who may claim a transported pupil grant from the Department.

For further information on School of Choice is located at [Manitoba Education and Early Childhood Learning K-12 Schools in Manitoba](#).

APPENDIX C

Funding and Fees for Resident Pupils

Generally, Manitoba resident pupils, as defined in **The Public Schools Act**, are eligible for public school funding until the last day in June in the calendar year in which the person becomes 21 years of age; or the day the person receives a graduation diploma or certificate of completion, whichever comes first. Eligibility for kindergarten funding for pupils who are 5 years of age or more in the calendar year in which they start school is unrestricted. Eligibility for kindergarten funding for pupils who are less than 5 years of age in the calendar year in which they start school is restricted to one year.

The **Public Schools Enrolment and Categorical Grants Reporting** booklet contains detailed instructions and criteria for the determination of funding eligibility and, where applicable, the pro-ration of funding (eligible %) for pupils with diplomas, certificates of completion or pupils who are older than 21.

Certain temporary residents may also be eligible for funding. The **Funding for Temporary Residents Policy** outlines provincial policy concerning the funding of temporary residents. Visit [Manitoba Education and Early Childhood Learning K-12 Finance and Statistics](#) website for information on this policy and the enrolment reporting instructions booklet.

TABLE I – Funding and Fees for Resident Pupils, which follows, is intended as a quick reference guide for determining funding eligibility, tuition, transfer and residual fee status for resident pupils based on their age and diploma status. Non-resident pupils are not eligible for funding and can be charged tuition fees.

For additional information, please contact the Education Funding Branch at 204-945-6910 (Email: EFB@gov.mb.ca).

Home School Pupils

School divisions may include eligible home school pupils in their enrolment who attend school to receive instruction in approved Manitoba curriculum courses or individualized programming* taught by Manitoba certified teachers. Funding is prorated according to the percentage of time spent attending classes or for pupils receiving individualized programming*, the percentage of time that the pupil attends school. The parent(s) or guardian(s) of a home school pupil must have met the notification, information and reporting conditions in Section 260.1 of **The Public Schools Act**. Further information regarding homeschooling is located at [Manitoba Education and Early Childhood Learning K-12 Schools in Manitoba](#).

* Individualized programming means programming provided to a pupil in accordance with an individual education plan prepared under subsection 5 (1) of the *Appropriate Educational Programming Regulation* (M.R. 155/2005).

TABLE I - Funding and Fees for Resident Pupils

	No Diploma or Certificate of Completion ¹		With Diploma or Certificate of Completion ¹
	Under 21 ¹	21 and Older ¹	
FUNDING			
Base⁴	100%	<ul style="list-style-type: none"> • Prorated² 	<ul style="list-style-type: none"> • Prorated³
Categorical⁴	100%	<ul style="list-style-type: none"> • Prorated² • Not eligible for Transportation, Board and Room or Level 2/3 	<ul style="list-style-type: none"> • Prorated³ • Not eligible for Transportation or Board and Room • If under 21¹, eligible for prorated Level 2/3 • If 21 and older¹, not eligible for Level 2/3
TUITION FEES			
Resident of Attending School Division	Cannot be charged	<ul style="list-style-type: none"> • May be charged for all courses or time attended 	<ul style="list-style-type: none"> • If under 21¹, may be charged for unfunded courses or time attended • If 21 and older¹, may be charged for all courses or time attended
Resident of Another School Division	Cannot be charged	<ul style="list-style-type: none"> • May be charged for all courses or time attended 	<ul style="list-style-type: none"> • May be charged for all courses or time attended
TRANSFER OR RESIDUAL FEES	YES	NO	NO

Note: Only pupils under age 21 who have not obtained a diploma or certificate of completion are included in the resident pupil count used to calculate Equalization.

¹ Diploma refers to diplomas and certificates of completion issued under the authority of the *High School Graduation Requirements Regulation* (M.R. 167/99) or, prior to 1999, diplomas issued by a Manitoba high school and approved by the school division, or equivalent standing from another jurisdiction. Age is determined as of December 31.

² Funding for eligible pupils receiving instruction in approved courses* is prorated according to the number of approved courses* being taken up to a maximum of four credits beyond the number required for a diploma. Funding for eligible pupils receiving individualized programming* is prorated according to the percentage of time that they attend school to a cumulative maximum of 70% beyond the year in which the certificate of completion is awarded.

³ Funding for eligible pupils with diplomas is prorated according to the number of approved courses* being taken up to a maximum of four credits beyond the number of credits taken by the end of the school year in which the diploma was awarded. Funding for eligible pupils with certificates of completion who are receiving individualized programming* is prorated according to the percentage of time that they attend school to a cumulative maximum of 70% beyond the year in which the certificate of completion is awarded.

⁴ Kindergarten pupils are funded at 50%. Eligibility for kindergarten funding is restricted to one year for pupils who are less than 5 years of age in the calendar year in which they start school.

* Approved courses mean courses taught by Manitoba certified teachers, which qualify as credits under the *High School Graduation Requirements Regulation* (M.R. 167/99). Individualized programming means programming provided to a pupil in accordance with an individual education plan prepared under subsection 5 (1) of the *Appropriate Educational Programming Regulation* (M.R. 155/2005).
